

CHATFIELD STORAGE

OPEN HOUSE

REALLOCATION PROJECT

The Chatfield Reservoir Mitigation Company (CRMC) is holding an Open House for the public to see final designs for the recreational modification and environmental mitigation projects that will be undertaken in preparation for storing more water. CRMC engineering and design consultants will be in attendance to provide information and answer questions about the projects. There will also be a display on water for crops as well as one on the environmental pool that will be part of the Chatfield reallocation project.
